JOHNSON SPEAKS TO BIG OHIO CONVENTION ON RECALL OF JUDGES

SAYS RECALL IS NO MENACE TO JUDGES

Only Menaces Corrupt Judges

—Will be Affected by

Recall Action

SAID PEOPLE SHOULD BE
CLOSE TO GOVERNMENT

That California Government
Takes the People Into Its
Confidence

COLUMBUS, O., Feb. 29.—Before
addressing the Ohio constitutional
convention at 11 o'clock this morn-
ing, Governor Hiram Johnson of Cal-
ifornia rested several hours at his
hotel. He says his Eastern trip has
tired him greatly. He was in poor
health at the start of the trip, and
has improved but little.

GAVE GOOD STRAIGHT TALK ON PROGRESSIVE PRINCIPLES

COLUMBUS, Feb. 29.—An at-
tention in favor of the initiative, re-
ferendum and recall was included in
Governor Hiram Johnson's speech be-
fore the Ohio constitutional conven-
tion. He particularly advocated the
recall of the judiciary, saying:
"There is no objection in Califor-
nia to the initiative and referendum,
the opponents of these principles
having abandoned the fight, and hid-
den behind the bulwark of special
privilege.

Its opponents claim the recall is
all right applied to governors and
legislators, but should not be applied
to judges. I believe that judges are
more men. They have the same
blood and are actuated by the same
impulses as others. The recall will
make no weak judge weaker, no
strong judge less strong. Only one
kind of judge is menaced, and that
is the corrupt judge, and he ought to
be menaced anyway. It is argued
that the recall may cause public
opinion to sway judges. I person-
ally prefer that judges have an ear to
the ground than on the tracks of
special interests.

"I have come to the conclusion
that any citizen who fails to criti-
cize a corrupt judge is a coward.
Many other men believe the same.
This being the case, why should they
not have the opportunity to strip
such a person of power exactly as
if he were unprotected in the sanc-
tuary of the bench?

"There are two kinds of govern-
ment; one rules secretly, the people
being unaware of the secret influ-
ences brought to bear on the law
makers; and one is open govern-
ment, which takes the people into
its confidence. It is the latter kind
we are trying to give California."

ARGUMENTS BEGUN IN KIMMEL CASE

Insurance Company Endeavors
to Prove That Kimmell
Lives as A. J. White

ST. LOUIS, Feb. 29.—Arguments
began today in the case of George A.
Kimmell, the missing bank clerk,
whose relatives are endeavoring to
collect his life insurance. The in-
surance company is resisting on the
ground that Kimmell is still alive,
and living as A. J. White. Kimmell's
mother and sister aver that Kim-
mell was shot in an Oregon forest,
and deny White's claim.

Gov. Johnson Not Seeking to Be Vice President

COLUMBUS, O., Feb. 29.—"I
am not at this time a candidate
for the vice presidential nomina-
tion," said Governor Hiram
Johnson of California today. He
qualified it by saying that while
he does not expect to be in the
race, he would be a "demagogue
if I said I would not accept."
"I am more interested in other
things than in the vice presi-
dency just now," Governor John-
son continued. "I particularly
want to defeat Taft for the presi-
dential nomination. I followed
the President several days in his
recent tour of California; I found
him looking only at the financial
side of affairs and overlooking
the human side. The people are
for Roosevelt; the politicians
against him. The question is
whether the people or the politi-
cians will have their way."

TEXTILE STRIKE MAY BE SETTLED

LAWRENCE, Mass., Feb. 29.—An
early settlement of the textile strike
is expected to follow a semi-official
announcement that President Wood
of the American Woolen Mills has
wired from Boston notifying his lieut-
enants that the strike must be set-
tled immediately. It is expected the
owners will submit to the strikers
some sort of an agreement before
the end of the week.

The strikers are hopeful of a so-
lution as a result of the visit of La-
bor Commissioner Neil and other
federal investigators who saw the
conditions. Congressmen Berger and
Wilson have completed arrange-
ments for a congressional hearing of
a delegation of strikers and their
children tomorrow.

"Outrage" Says Howells

NEW YORK, Feb. 29.—William
Dean Howells scathingly denounced to
the United Press the action of the
Lawrence authorities preventing the
strikers' children from leaving the
city. "Outrage," said Howells, "in
view of the facts, how could anyone
think otherwise? It is terrible for the
police to prevent the removal of in-
nocent children to where they might be
cared for while their parents battled
for a better living. There is no possi-
ble excuse for them."

MILLION COAL TO INVESTIGATE MINERS ON STRIKE

Great Britain In Throes of Long
Expected Struggle—Fac-
ing Industrial Crisis

PARLIAMENT ONLY CAN CONTROL THE SITUATION

Operators Refuse All Plead-
ings of Asquith to Meet
Miners' Wage Demand

LONDON, Feb. 29.—With a
million men idle, Great Britain
is in the throes of the long ex-
pected miners strike and the
industry is completely tied up.
Compulsory parliamentary leg-
islation making effective a
minimum wage scale is the
only apparent solution of the
situation.

Premier Asquith this afternoon met
the strike leaders and endeavored
to effect a compromise. The effort was
fruitless.

A special cabinet meeting is pro-
gressing tonight in a desperate at-
tempt to prevent imminent business
stagnation. Troops throughout the
British isles are ready for instant
action.

LONDON, Feb. 29.—Seven hundred
thousand men employed in collieries
were ordered to quit work this after-
noon, according to official reports.
Premier Asquith predicted a million
men would be out by midnight.

The cabinet met today in a final
effort to persuade the operators to
grant the minimum wage scale de-
manded. The operators refused to
do this and the strike order was
issued.

U. S. Hears of Big Strike
WASHINGTON, Feb. 29.—A War

dred thousand British miners have
struck.

PRICE OF COAL SOARS AS MILLION MINERS STRIKE

LONDON, Feb. 29.—Eight hundred
and forty-eight thousand collieries
employees walked out today according
to official figures. The strikers claim
that more than a million are out. The
leaders declare that the strike will be
conducted in an orderly way. The
operators have appealed to the govern-
ment to protect the collieries. The
price of coal is already soaring and
the operators are refusing to fill or-
ders outside of government needs.

LOS ANGELES, Feb. 29.—Deputy
District Attorney Keetch today of-
ficially notified the Appellate court of
Judge Hutton's reversal of his ruling
concerning the transcript in the
Clarence Darrow case. The Appel-
late court will not further consider
Attorney Earl Rogers' motion, which
must have been passed on had Judge
Hutton's ruling stood.

The county grand jury resumed its
sessions today, but will not touch
on the dynamiting cases until Tues-
day next.

Associated Chambers Opens
Proposal for Union Outfall
For Cities

GOOD BANQUET AT ORANGE LAST NIGHT

Charter is to be Reported Upon
By a Committee of Five
Delegates

The investigation of the advisabil-
ity of Orange county undertaking the
establishment of county home rule
has been undertaken by the Associ-
ated Chambers of Commerce of Or-
ange County. At the monthly meet-
ing of the Associated Chambers at
Orange last night a committee was
appointed consisting of A. A. Mills
of Anaheim, A. L. Reed of Hun-
tington Beach, A. I. Stewart of
Fullerton, W. A. Zimmerman of Santa
Ana, and J. A. Knapp of Garden
Grove. Another matter of vast im-
portance to be investigated is the se-
curing of a union outfall sewer for
Fullerton, Orange, Anaheim, Santa
Ana and Newport Beach.

The meeting last night was the
best held in months by the Associ-
ated Chambers. The banquet was
served in the dining room of the Hotel
Rochester, of which W. B. Wether-
bee is proprietor, and a very excel-
lent repast it was. The food was in
style and quantity sufficient to please
all of the seventy-five men who were
present from eleven out of the fifteen
organizations that form the Associ-
ated Chambers.

The address of welcome was made
by F. A. Blake, Jr., of Orange, who
declared that the Orange Chamber
of Commerce has started in on a new
era of effective work. W. A. Zim-
merman of Santa Ana made the re-
sponse, in which he said that the
communities join hands in the good
work of advancing their common in-
terests.

A resolution presented by A. I.
Stewart in commemoration of Col.
O. H. Coulter was passed.

On Exhibits
A. A. Mills stated that Charles
Eggabroad of Anaheim, who was
chairman of the committee to get a
county exhibit for the San Bernar-
dino Orange Show, was badly in-
jured, and could not give the matter his
attention. Anaheim and Placentia
had sent exhibits.

Later in the meeting Stern of Ful-
lerton said he was sorry that the ex-
hibit had not been a county exhibit.
The Benchley Fruit Co. had made a
special pack of thirty-six boxes of
fruit and shipped it to San Bernar-
dino. Findings that the exhibits were
by cities and not by counties, the
company had the fruit returned im-
mediately.

On Freight Rates

Mills reported that the freight rate
cases in the various commissions are
progressing rapidly, and said that it
looked to him as though the Inter-
state Commerce Commission and the
State Railroad Commission have the
railroads on the run.

On Land Show

Stern reported that he had taken
up the proposal to have a county ex-
hibit at the Los Angeles Land Show,
and he had found but little interest
in it and had received but little en-
couragement. He had but \$210 prom-
ised, which would not start the ex-
hibit.

Zimmerman said the Santa Ana
Chamber of Commerce has a note of
\$250 left over from the expense of
the last land show, and does not feel
that it is justified in again endeavor-
ing to do anything with the show.

L. H. Wallace said Newport Beach
is ready to put in an exhibit either
with the county or as a separate
body.

A representative of the show said
that San Bernardino and Riverside
counties are to give exhibits. He
outlined the plans.

That 'Phone Matter

Mills said that the City of Orange
had advertised a franchise for sale
on March 25, and if the Home com-
pany gets it, Orange county will
have free telephone switches.

It Looks Good

Wallace reported on Newport Har-
bor was received with enthusiasm.
He said that the government engi-
neer had instructions to proceed with
the survey of the harbor, to lay out
the harbor lines and make plans and
estimates for its improvement. An
appropriation of \$2500 is available.

"Our city will then spend some
money on the harbor, and I think the
government can then be persuaded
to spend some more money on it,"
said he. "The situation is encour-
aging."

County Charters

Mills withdrew his resolution, ask-
ing for a redistricting of the county
as to supervisory districts. He sug-
gested that it would be best to have
a county charter, the first step to

ROOSEVELT TO TAKE CHARGE OF CAMPAIGN

Will Make Ten-Day Red Hot Tour—
Names Dixon of Montana As Cam-
paign Manager--McCormick Satisfied

NEW YORK, Feb. 29.—Theodore
Roosevelt will take the warpath in a
ten-days' tour of a great section of the
country for delegates to the National
Republican convention. This announce-
ment was made following a luncheon
conference between Roosevelt and
Senator Dixon of Minnesota, who will
be his campaign manager. The Colonel
plans ten days of absolute rest at Oys-
ter Bay before he starts on his cam-
paign.

Roosevelt has assumed personal
charge of his presidential boom. He
has named Senator Dixon of Montana
as his campaign manager. Frank
Knox, chairman of the Michigan Re-
publican Central Committee, will take
charge of the Chicago headquarters.
Roosevelt conferred with Medill Mc-
Cormick before his action was taken.
Medill McCormick denied the report
that he is disgruntled because Dixon
was made campaign manager.

William H. Barnes, Jr., the New
York standpat leader, conferred with
Roosevelt in regard to plans for se-
curing the New York delegation. It
is understood that Barnes demands
that Sherman be again the vice presi-
dential candidate in return for the
New York delegation.

KNOX TALKED OF BIG CANAL

Told Panama Audience That
Project Will Unite Countries
of Western Hemisphere

Sees Vast Possibilities in Near
Opening of Sea Highway
For Ships of World

PANAMA, Feb. 29.—Secretary
Knox delivered in Panama last night
the first of his public addresses on
his trip to the capitals of Central
America and the West Indies. This
speech, while delivered before the
acting president of Panama, Senor
Rodolfo Chiari, was in reality ad-
dressed to all the countries he will
visit, and includes an explanation of
the attitude of the United States to-
ward South and Central America.

Knox said the President believed the
early completion of the canal should
mark the beginning of closer rela-
tions between the United States and
all Latin-America; that the purpose
of the United States towards all the
American republics was to live in
amity and essential harmony and
that the United States desired more
peace, more prosperity, more hap-
piness and more security in their na-
tional lives. He declared the United
States craved neither sovereignty or
territory in Latin America. Knox
said in part, referring to the results
of the opening of the canal:

"Much has been said about the ef-
fect of the opening of the Panama
canal, but I believe it is given to few
of us to realize what magic possibi-
lities are potential in that event. It
will create for our western world an
entirely new situation, fraught with
possibilities so vast as to dazzle the
fancy. In this new world we must be
found drawn closer, with sympathies
and mutual esteem, and working in
harmony towards beneficent ends.

"We who live on the western hem-
isphere find ourselves by force of
geography in circumstances which
make our situation peculiar. It was
a perception of this which your own
thinkers and statesmen have seen as
clearly as our own, which prompted
the announcement by President Mon-
roe of the great and beneficent policy
that now bears his name.

"When the canal is opened and the
ships of all countries of the world
come sailing through these Carib-
bean seas, the peculiarity of our po-
sition will be accentuated, and the
wisdom of that doctrine again will
be confirmed. In its future applica-
tion, I perceive it will be a common
heritage binding together the na-
tions of the hemisphere with a force
no power can break."

ROBBER DIES IN COUNTY JAIL

Bill Davis, Ex-convict, Charged
With Hold-up, Found
Dead in Bed

TO LAST REFUSED TO GIVE CONFESSION

Profitless Life of Man Accused
of Much Crime Ended by
Tuberculosis

Bill Davis died about 10:30 o'-
clock this morning while alone in his
cell at the county jail. He died with-
out admitting that he had any part
either in the robbery of the State
Bank of Newport or the robbery of
Fred Dyckman's saloon at Anaheim.
Davis was arrested last Sunday,
and at that time Sheriff Rudock ex-
pressed the opinion that Davis would
never go to the penitentiary, for he
was clearly close to death with tu-
berculosis. But death came sooner
than anyone expected. Yesterday he
had a spell, when Jailer Jernigan
thought the man would die, but last
night Davis slept well and this
morning he said he was feeling bet-
ter.

Jernigan was in the ex-convict's
cell two or three times during the
morning. Fifteen minutes after one
of these visits, Deputy Sheriff
Squires arrived at the jail to have a
talk with Davis to see if the man
had concluded to tell what part he
had taken in the bank and saloon
robberies.

Squires stepped into the cell,
which is located on the south side of
the upper floor of the jail.

Davis was dead as though death
had come without a struggle. The
sweat was still upon his face and
his body was still warm.

Davis at one time was known by
most of the residents of the district
west of the river, where he was
raised. When a youth he was sent
to the state school at Whittier. He
was in trouble many times. At one
time at Anaheim he threatened a
man with a knife, and when arrest-
ed escaped from Marshal Stedman,
who fired two shots at Davis in the
hope of stopping him.

When 22 years old, in 1901, Davis
was sent to the penitentiary for
stealing harness from O. W. Buel.
It is thought that while there he be-
came acquainted with criminals who
afterward joined with him in ro-
bbery. Davis is now credited with
having a hand in the robbery of the
State Bank of Newport about 1906,
and the robbery of a saloon at Ana-
heim shortly afterward. In 1907,
Davis and two other ex-convicts were
sent to San Quentin for a safe-
breaking job in Colusa. On Davis
was found a watch stolen at San
Bernardino. Davis finished his sev-
en-year term ten weeks ago. He
contracted tuberculosis in prison
two years ago. He was in bad shape
when he arrived here a short time
ago.

While Davis is credited with hav-
ing taken part in the recent robbery
of the Newport Beach Bank, in
which \$600 was taken, the officers
never had any proof of it. Had he
lived, they are certain they could
have convicted him of the hold-up of
the Anaheim saloon. Dyckman iden-
tified him positively as one of the
masked men who took \$400 from
the place. Teddy Kuechel of Ana-
heim identified him as a man he saw
talking to two other men the even-
ing of the robbery. In his posses-
sion was a watch belonging to Wil-
liam Lake, stolen in the Dyckman
robbery.

Davis was urged to confess, but
the officers say that they got little
information from him. To the last
Davis contended that the watch was
given to him.

The funeral of Wm. Davis of Cy-
press will be held from the parlors
of Mills & Winbiger tomorrow morn-
ing at 10:30. The services will be
private.

"ORANGE COUNTY ALL WHITE" IS SLOGAN

Anti-Saloon Forces to Meet Here Tomorrow in County Mass Convention

"Orange County All White," will be the slogan of the Anti-Saloon convention to be held in Santa Ana tomorrow (Friday) afternoon and evening. The call was for a county mass convention. The sessions will open at 2 and 7:30 p.m. at the First Presbyterian church.

Following the opening song and prayer, the usual convention committees will be appointed and asked to report before the close of the afternoon session.

Dr. E. S. Chapman, superintendent of the State Anti-Saloon League, will have charge of a question box and round table. It is likely this will bring out the workings of the Wyleis local option law and a report of the progress made under the same. It will be recalled that the recent campaigns in Fullerton and the Fifth supervisory district were brought under said law.

There will be ten minute talks by a number of prominent people at the evening session. Among the speakers will be: Dr. Chapman of Los Angeles, Mrs. Nellie P. Tedford and Rev. O. S. Russell of Santa Ana; also Rev. W. A. Jackson of Orange. Special music, being arranged for by Rev. Stevenson, will be a feature of the evening session. Those looking after the convention say reports indicate that nearly every portion of the county will be represented and the attendance promises to be large.

"No mistake about it, a vast majority of the people of the county would like to see Anaheim and Newport Beach close their saloons," said one of the prominent men of the League, in talking of the slogan that appeals for the snowy hue of this county.

ENTHUSIASTIC OVER SCOUT MOVEMENT

The Y. M. C. A. Weekly Meeting Resulted in Interesting Discussion and Debate

The usual weekly meeting of the local Y. M. C. A. was held last evening in the south parlor of the First Presbyterian church, and a real good, enthusiastic meeting it was. Everybody present enjoyed the proceedings from the opening devotional to closing. The first part of the program was assigned to Rev. H. E. Murkett, but owing to other important business was unable to be present, which was regretted by all.

President Chas. Robinson talked on "The Boy Scouts as an Aid to Character Building." Mr. Robinson holds a certificate of scout-mastership which makes him eligible to act as scout-master to a patrol, consisting of eight boys. He started his talk by telling where and how the boy scouts originated, how they got their name, what they are, and the purpose for which they were organized. He ably and instructively explained the scout laws, rules, and oath, which a prospective scout must abide by and gradually working up to his subject he gave excellent illustrations as to how, by obeying these laws, it would help build up a character of the right kind, for a growing boy.

At the close of the talk, all members were heartily in favor of continuing the scout work, and in the discussion which followed it was the consensus of opinion that great good would come of the work and that it could be successfully operated in Santa Ana. The time to be taken for instruction and study of the various topics of the movement will be decided at a future meeting.

The second part of the program was given over to an informal debate on "Resolved, That the Ministers do more good in the community than the Lawyers." Those supporting the affirmative were Judge E. T. Langley, Attorney H. J. Forgy and those for the negative were Rev. Paul E. Wright and Rev. Geo. Husser. No judges were selected and the discussion was voted on which resulted in the victory of the ministers, they proving that the lawyers have more opportunities in their profession to come directly in

touch with the people than do the ministers, and that a good lawyer has an excellent influence over the community. Next Wednesday evening it is the purpose of the association to hold a roll-call meeting in the form of a swap social. This meeting will be held in the Philathea club room in the basement of the First Presbyterian church. It is expected that every member, as far as possible, will attend this meeting, and to bring along some eatables, all of one kind so that he can swap with someone else. Some important business will be transacted and a general good time is assured.

FRISCO MINT IN NO DANGER

Secretary McVeagh Says Plan Has Not Been Considered—French Discharged

WASHINGTON, Feb. 28.—Denial that there is any intention on the part of his department to close the San Francisco mint is made today in a letter to Congressman Berger by Secretary of the Treasury McVeagh. The letter says:

"There is no foundation for the charges made except that, having recently opened a modern refinery in connection with the assay office in New York, it has been unnecessary to continue the refinery in Philadelphia. The refineries which the Denver and San Francisco mints are operating, and their discontinuance, have never been considered. The mint employee referred to (Harold French) has been dismissed, having written statements which are preposterous, scandalous and untrue."

YELLS AND CHEERS WILL RE-ECHO FOR THE WINNER

Mrs. J. H. Harvey Is Again in Lead

THE CONTEST IS EFFERVESCENT WITH EXCITEMENT AND THERE WILL BE A BATTLE ROYAL FROM NOW UNTIL SATURDAY NIGHT, MARCH 16TH, FOR FIRST PLACE.

Do you realize the importance of tomorrow and Saturday? They're the last two days of the special offer, and no candidate has an advantage over the other. It's a break-neck clip for first place, and it's the closest merry war ever waged amongst popular women in a popularity newspaper contest.

Gather your forces tomorrow and Saturday. See all those who have promised you their subscriptions, and get them in to the contest editor before 8 o'clock Saturday night. Don't merely ask for a subscription and be put off without thoroughly impressing upon the person with whom you are seeking assistance, THAT THE RACE IS CLOSE, AND EVERY SUBSCRIPTION IS GOLDEN. This is the sort of a candidate that looks like the winner, and it lies entirely with yourself whether or not you shall be that candidate.

In two weeks from Saturday night at 10 o'clock, the last ballot will be cast, and you will have use for every vote that you have so faithfully earned in this contest. The battle has worked itself into a sixteen-day skirmish. No matter how many votes you have secured since the beginning of this contest to the present time, they will be of no avail unless you can get more votes than your competitors from now until the end. So close are the candidates to one another that the next sixteen days progress on the part of the candidates will decide the winner.

Therefore, you can't afford to lose an hour—you can't afford to let a subscription go by because it may be a little inconvenient or difficult to get it. The past five weeks of hard struggling is dependent upon the next sixteen days for success.

If you cannot do more in the territory in which you have been working, the contest editor, for your own safety, warns you to get busy elsewhere.

The prize is worth it—it's worth all the hardships that you can go through in subscription getting for the next sixteen days. The \$1400.00 E-M-F is anyone's right now. In sixteen days from now it will be different—it will belong to someone, it will belong to the person who has hustled the hardest between now and the finish. It just means that the candidate who wins this machine for sixteen days of earnest hustling will

SUBSIDIARY PRIZES

Always bear in mind that in this contest there are to be awarded a large number of subsidiary prizes, so that any contestant who really works will be sure of winning at least fair compensation for services rendered.

So far as announced the subsidiary prizes are as follows:
Set of Dining Room Furniture, offered by the Horton-Spurgeon Furniture Co. Value \$85.00.
Diamond Ring, offered by A. J. Padgham & Son. Value \$80.00.

Two scholarships in the Orange County Business College (one to be awarded to each of two contestants), value \$65 each; total value \$130.00.

White Sewing Machine, "Sit-Strate" model, offered by J. R. Dean, local agent for White Sewing Machine Co. Value \$80.00.
Three Scholarships in the Orange County Conservatory of Music (one to be awarded to each of three contestants); value \$20 each; total value \$60.00.

be receiving nearly \$100 per day for her trouble. Is it worth trying for? Could anything be of more importance to you now than your ultimate success in this merry campaign?

If you lose it will be because you have given some of your time during the next sixteen days to other matters—matters that could be attended to after this contest is over. But be the exceptional one, do a little more hustling than the others, and you will have no regrets. You will look on all the work you have done with a smile, and you'll thank the contest editor for all the scolding he has given you about slackening your pace.

So be up and at it from early sunrise until the late hours of the day. Everyone will be expecting to see you, and they will be expecting you to put up a fight for subscriptions. And don't let tomorrow and Saturday pass without a pell mell rush for ballots.

Let us do your family washing, either rough dry or finished. It is quite reasonable in price. The People's New Laundry, 901 East Fifth street.

"SIT-STRATE" WHITE NO. 60

We want you to know about the good points of the "Sit-Strate" White Sewing Machine that is to be awarded in this contest by J. R. Dean, the local agent.

Doctors and hygienists with one accord are placing strong emphasis upon the correct position of the body, especially when one is sitting down, insisting at all times that the trunk shall be properly supported and maintain a natural position.

Our reason for mentioning this is to show how closely we are in line with the advanced thought of the day in the construction of our new No. 60 "Sit-Strate" White sewing machine, as you will readily see from illustrations on first and fourth pages, one presenting a front view, and the other a view from the rear of an operator in the act of sewing.

The first thing you will notice is the perfectly easy, and yet graceful position that the operator assumes, that she sits directly in front of the needle, where, without any effort, twisting or bending one way or the other, she is able to note the progress of the work—a feature that is impossible with the ordinary sewing machine.

It's very evident then that an operator laboring under the vastly improved and healthful conditions that obtain with our new No. 60 "Sit-Strate" White can largely increase her output of sewing with a less expenditure of strength.

The No. 60 "Sit-Strate" White has been made possible by a radical departure in sewing machine construction in the way of widening or increasing the distance between the legs, giving a more roomy space underneath the table, and by moving the head several inches to the right so that the needle is directly over the treadle. Again, one movement of the leaf opens the machine ready for use, or closes it as may be desired. There are no swinging doors to open or close or get broken. And we provide drawers equal in size and number on each end of the table which slide into enclosed drawer cases.

The unusually practical features of this machine are evident at a glance, and all without the sacrifice of the characteristic symmetry of design and strikingly beautiful furniture for which all White products are noted. In short, one can safely buy the No. 60 "Sit-Strate" White machine firm in the conviction that it leads all others in the practical embodiment of advanced sewing machine ideas, and that it will produce results in excess of one's fondest expectations.

So confident are we of the appealing qualities of this machine, that we are led to say, if you'll simply give it a trial you'll not be satisfied until you have bought it. Made in Vibrator and Rotary Shut-the-styles.

TAFT REPUDIATES HIS OWN SPEECH

Keenly conscious at last that his amazing declaration that the people are unfit to rule had completed the destruction of his candidacy, Mr. Taft repudiates his own speech in an amazingly disingenuous statement. It is officially declared from the White House that the president said nothing in his Lincoln day speech "which possibly could be tortured into to any such construction." Against Taft in denial he quote Taft.

In his Lincoln day speech Mr. Taft said: "With the effort to make the selection of candidates (achieved through direct nominations), the enactment of legislation (achieved through the initiative and referendum) and the decisions of courts depend upon the momentary passions of a people, necessarily indifferently informed as to the issues presented, and without the opportunity to them of time and study and that deliberation that gives security and common sense to the government of the people, such extremists (the progressives—whom he calls neurotics) would hurry us into a condition which could find no parallel except in the French revolution or in that bubbling anarchy that once characterized the South American republics."

We have supplied the parenthesis running comment elucidative of the text. Mr. Taft squarely says that direct nominations and the initiative and referendum would result in bubbling anarchy. He declares that the people would be influenced by passion and ignorance in the use of those instruments of sovereignty. If that is not declaring the people unfit to rule, English has lost its meaning.—Los Angeles Tribune.

A GREAT OPPORTUNITY

How many people know that the world's food supply is sufficient for only two weeks' needs? That is to say, that if all production should suddenly cease the human race would face a famine in less than half a month and soon be annihilated.

How many people know that by unscientific methods of soil cultivation and animal husbandry we are producing only a small fraction of the food that the earth is capable of producing, and that at the same time we are rapidly exhausting the soil fertility of the earth?

America is the greatest economic sinner of all countries in this respect. Therefore and wherefore, great interest and importance attaches to the coming of the Southern Pacific special agricultural and horticultural demonstration train.

The College of Agriculture of the University of California will place in the cars of this train full and comprehensive exhibits of illustrative material, covering various phases of agricultural and horticultural work in this state. These exhibits are all designed to show better methods of work in our orchards and upon our farms, and to indicate more economical methods of procedure.

Men from the College of Agriculture, and practical men from the farms and orchards of our state, will give, at stopping points, demonstrations on methods to be pursued in increasing the value of agriculture, horticulture, stock-raising, dairying, poultry-raising and kindred industries. It is the aim to make these demonstrations practical. Discussion is invited; questions asked will be answered.

The equipment of the train will include seven cars, containing valuable and comprehensive exhibits to be used in illustrating and demonstrating the points brought forth in the discussions.

Every interested person in the sections visited is earnestly invited to visit the train. The time of arrival of the train in each part of Orange county is made known in the advertising columns of this paper.

In this, the fourth year of the work of the Agricultural and Horticultural Demonstration train, it is felt that greater attention should be given to actual instruction work. In the years past a certain amount of this has been done but in the present season more stress will be laid on this feature of the work than was the case in previous years. Therefore, if you are interested in any one line of work more than in others, seek out the car devoted to this matter and make use of it.

Exhibit cars are numbered one to seven, beginning at forward end of train. The cars are arranged so that the demonstrators may give talks to interested individuals. For this reason seats have been left in them all and visitors are earnestly requested to assist in making the instruction work valuable by making use of these cars as instruction rooms. The management is especially desirous of making the educational feature very prominent and asks the co-operation of all visitors to attain this end.

Hearty Endorsements of Cuttle for Congressman

BULLETIN BOOMING CUTTLE
(From the Riverside Daily Press.)

[Note—This editorial appeared in the Press several months ago. Since the talk of Former Mayor Evans of Riverside for Congress started, the Press has not had anything to say on the subject, but is understood to be neutral that is it does not wish to take sides as between two of Riverside's leading citizens.]

It is an old adage that "you have to go away from home to learn the news," and here is an illustration of it. The San Francisco Bulletin is out with a positive announcement of the candidacy of Francis Cuttle for congress. In Riverside it has been understood for some time that Mr. Cuttle was seriously considering the matter of being a candidate in the new eleventh district, or in the eighth district, if Congressman Smith should resign, but he has made no definite announcement of his purpose. This is what the Bulletin says about the matter, however, and it gives Mr. Cuttle a good send off:

"Prospects are that California will soon be represented at Washington by another progressive congressman, who will still further increase the list that was augmented last fall by the election of Kent and Stephens.

"Francis Cuttle of Riverside, a warm supporter of the Johnson administration and a member of the new state conservation board, has become an avowed candidate for congress from the eighth district, now represented by Sylvester C. Smith of Bakersfield, a member of the old guard and of the rules committee appointed by former Speaker Cannon.

"In Smith's district is situated the great bulk of the citrus fruit land, Orange and lemon growers feel the need of a representative in the house who will use his influence to maintain the present tariff on oranges and lemons until the opening of the Panama canal has relieved growers of the heavy tolls exacted from them by railroads in freight rates for carrying fruit from California to the eastern markets. Progressive growers declare that with reasonable transportation rates they can compete with Italian growers without the aid of a tariff.

"Cuttle is himself a large orange grower at Riverside. He has never participated in politics until the issues of the last campaign enlisted his support for Johnson."

Mr. Cuttle is at present on a fishing trip up in Plumas county, and the Press has no authority from him to confirm this report in the Bulletin. If, however, he decides to be a candidate, this paper will certainly be glad to give him a most cordial support. He is a strong, capable man, well equipped for the duties of congressman and well posted on the issues in which this section is deeply interested. If he enters the race it will be as an outspoken "progressive," and he is certain to be a factor in the situation, no matter who else is running.

CUTTLE IS GOOD TIMBER
(From the Calexico Daily Chronicle)

The El Centro Progress last issue said that Imperial Valley would be glad to see Francis Cuttle of Riverside, and size him up as a congressional possibility. Mr. Cuttle, who is a member of the state conservation commission, was in the valley this week and many men had the pleasure of meeting him. The universal result of his visit is a big jump upward in his stock as a candidate. Mr. Cuttle has not been an official announcement but has been modestly looking over the field to see if his candidacy would meet with any degree of favor. From our own observation, riding about with him for awhile, we found that he made a mighty good impression. If his announcement depends upon the reception given him by Imperial valley in a quiet way he will put his "hat in the ring" without further ado.

Mr. Cuttle has been an aggressive man of affairs for years. He has attended every irrigation congress for the past ten years. Right there we touch the subject that appeals to the Imperial valley resident direct. Cuttle knows irrigation in all its phases.

FRANCIS CUTTLE OF RIVERSIDE
(From the Brawley Times-a-Week News.)

During the past few days the Congressional situation, so far as the Republican nomination is concerned, has been drawn on sharper lines, and a marked tendency to unite definitely on certain candidates has developed in the contest between the standpat and progressive factions.

While various aspirants for congress have been in the field, time, the great eliminator seems to have removed from the forefront all the progressives save Francis Cuttle, of Riverside, member of the State Conservation Commission, head of the Tri-County Re-forestation Committee, and one of Riverside county's most prominent citizens and authorities on irrigation affairs. Mr. Cuttle has been connected with the progressive movement for a number of years, and is a staunch believer in the ancient Republican doctrine of protection for home industries.

As a member of numerous National Irrigation Congresses, he has taken a leading part in the movement for conservation of the nation's resources and as head of the Join-on organization in Riverside county, succeeded in helping to pile up a big majority for the man whose name seems likely to go on the next National ticket. Mr. Cuttle is a magnetic, forceful and pleasing speaker. He is well acquainted with problems incident to irrigation and kindred matters and his acquaintance with men of public affairs and his experience in dealing with the momentous problems before the country today—renders him particularly acceptable as a candidate for congressional honors.

STRONGEST OF THOSEOUT FOR CONGRESS
(From the Newport Beach News.)

The Republicans could put up no man more competent to able represent this district in congress than Francis Cuttle of Riverside. Mr. Cuttle has ably filled the position of president of the Tri-County Re-forestation Committee for several years, is well posted in the citrus industry

course would be of great benefit. Reed of Huntington Beach and Stewart of Fullerton thought further discussion would be off-hand and not profitable, and Stewart moved that a committee be appointed to thoroughly investigate the matter. This motion carried, and Mills, Reed, Stewart, Zimmerman and Knapp were named by President Aldrich of La Habra, who presided, on the committee.

Union Sewer System

Wallace said he thought that one of the greatest things that could be accomplished for the good of various communities would be the building of a union sewer system with an outfall sewer to the sea. He said Santa Ana, Fullerton, Anaheim, Orange and Newport Beach ought to join in the project, and now is the time to take the matter up. Wallace said the matter had not been submitted to an engineer, but Newport Beach is anxious to have the matter looked into. The position of the beach city might be selfish, but it has to be on the defensive against dumping sewage in the bay or in the open sea along the beach, and would fight any such a proposition. The city's plan is to have the union outfall follow the sandspit to the mouth of the bay and then go out on a jetty to be built into the ocean.

Zimmerman said he thought the project feasible and ought to be investigated at once before any of the cities take further steps in sewage disposal.

Wallace said that the Southern California Sugar Co. proposes to build an iron pipe 500 feet out to sea, and make that the terminus of its outfall.

"It may be all right," he said, "but if the result is as bad as last year when the sewage was dumped into the bay, Newport Beach will be compelled to fight in self-protection."

Reed of Huntington Beach said the Holly Sugar Co. outfall terminus is on a wharf, running out 500 feet, and the odor is not perceptible generally, and never offensively so.

J. W. Duckworth of Anaheim said his city has a sewer farm but does not know yet whether it can use it or not. Personally, he thinks the most feasible thing to do is to unite with the other cities for a union outfall to the sea.

Edge, engineer of the Anaheim Sugar Co., said his plant expects to use its sewage for irrigation, and cannot be counted in on any plan for an outfall.

Stern of Fullerton stated that his city is considering building an outfall to a ten-acre tract that the city owns, and thus establish a sewer farm. He thought Fullerton would soon have a bond election on that matter.

Getting Money

Stern said he thought the Associated Chambers should levy heavier dues on its members in order to get money with which to do things. Stewart and Wallace favored the present system of having the larger projects all paid out of the county advertising fund. Stewart urged that the next time a tax levy is made the Associated Chambers have a committee to urge a large levy for advertising.

L. J. Carden spoke in favor of making an exhibit at the land show. Reed said all the supervisors ought to be delegates to the Associated Chambers. Talbert is the only one of the five who attends the meetings. Talbert said it would be a good plan to have a committee urge the Pacific Electric to electrify the Southern Pacific loop, on which are Newport Beach, Santa Ana, West Orange, Anaheim, Westminster and Huntington Beach. Talbert, Duckworth and Metzgar were named on the committee.

Reed moved that with the election, that a number of standing committees be appointed to facilitate business. Everyone voted for the motion except Mills of Anaheim.

The next meeting will be held at Santa Ana on March 27, at which meeting officers for the year are to be elected.

CIVICS CLUB MEETING

Woman Lawyer of Los Angeles to Address Club on Some Needed Laws

The Woman's Civics Club is looking forward to an especially interesting meeting on this coming Saturday.

Mrs. F. W. Houser, an attorney of Los Angeles, will talk to the club of some of the bills which various organizations of women are considering and endorsing, and which they expect to ask the next session of the legislature to pass.

Some of these are: Protecting girls by raising the legal age of consent. Giving the mother equal guardianship with the father over the children. Improving the financial security of married women.

Asking for a certificate of health for both parties before the issuance of a marriage license, and also protecting the public health by demanding that physicians report certain diseases which have hitherto not been so controlled.

Miss Jeanette Converse, secretary of the Woman's Progressive League of Los Angeles will also speak to the club.

No member can afford to miss this meeting, which is to consider matters of vital interest particularly to women. Make your plans to come and bring a friend, Saturday, 2:30 p. m. in the city hall.

Our special interest in the Paris Operatic Concert to be given at the Grand on March 4th, Monday evening, arises primarily from the fact that we believe it to be a concert that every lover of music and beautiful voices should hear.

TEDFORD RECEPTION

Delightful Affair Given at W. B. Tedford's Home For Fair Bride-to-be

Mr. and Mrs. Walter B. Tedford yesterday afternoon and evening received for their sister, Miss Mattie Tedford who is to be married soon to Rev. Raymond Gray, now of Ardmore, Oklahoma, but formerly pastor of the Methodist Church, South, of this city.

The Tedford home, which is one of the most spacious and beautiful in Santa Ana was fragrant with the sweetness of white carnations and hyacinths used with plumose ferns in the parlors, while the library, where were seen the beautiful wedding gifts, was lovely with Cherokee roses. The dining room, from which delicious refreshments were served during the reception, was daintily decked with Safrano roses.

In the afternoon a large number of ladies attended the reception, renewing their acquaintance with Rev. Mr. Gray who was most popular during his pastorate here. Both Miss Tedford and Mr. Gray have warm places in the hearts of a large group of friends.

In the evening, Mr. and Mrs. Tedford received the young people of the Methodist Church, South, of which Miss Tedford has long been a conspicuous member. Musical numbers were rendered by Miss Caroline Haughton and Miss Dorothy Page on the piano, and James Nuckolls gave vocal numbers accompanied by Harry Werne. Mrs. Dalbs, Miss Cora Siefert and Thomas Haughton gave readings, the entire program being most enjoyable.

Ladies assisting in receiving and serving were Mesdames R. R. Raymond of Westminster, an aunt of Rev. Mr. Gray; Mrs. Mill from the South, a sister of the bride-to-be; Felton, a sister of the bride-to-be; and Mrs. J. E. Tillotson. In the evening, the assisting ladies were Mrs. Felton, Mrs. James Nuckolls and Miss Lois Tedford.

The marriage of Miss Tedford will take place next Monday at the home of her mother, Mrs. W. N. Tedford, and the affair will be a home wedding attended by the large Tedford connection. The bride and groom will leave immediately after the wedding for Ardmore, Oklahoma.

Cantata Tomorrow Night

The cantata "Queen Esther" to be presented by the Christian Endeavor of the First Christian church tomorrow evening, will be given once only, and not twice as previously announced. The cantata will be given only tomorrow night.

The story portrayed in this pretty musical drama, is of Queen Esther's struggle to save the Jews, the good points having been so carefully worked-up in every detail by the well-known young people taking part as to make the cantata worthy of a good house. It will be produced at the Grand Opera House Friday evening, March 1st.

The ladies of the Congregational church will have a sale of tamales and other cooked foods, Saturday afternoon, March 2, at Remsburg & Lindsay's, Fourth and Bush Sts. Orders for tamales may be given by calling Red 4171, or Home 189-2R.

NO MILLIONAIRES BEHIND MacWATTERS QUARTETTE

The members of the MacWatters Quartette now conducting evangelistic services at the Methodist Episcopal church, are earning their way around the world in a tour that will take them to many of the mission countries. Someone recently started the report that Mr. MacWatters, a millionaire of Boston, was paying their expenses. If Mr. MacWatters is a millionaire nobody knows it, and the quartette is getting no subsidy from him or from any other person. The fact is that the members of the quartette are all self-supporting students who have just finished seven years of study and are starting on a tour to sing the Gospel around the world, paying their way as they go on the offerings received in their meetings. Mr. MacWatters is a professor of music in Boston University, whom the quartette has honored by taking his name, but he has subscribed nothing to this enterprise.

Fullerton and Santa Isabel Stations Have Already Sent Out 200 Cars of Crop

FULLERTON, Feb. 29.—The estimated average crop to be shipped from this city and Santa Isabel, is placed at about 1050 carloads. Of this number about 200 cars have already been shipped, which leaves 850 to be shipped. The number which will be shipped from Fullerton is 650, while the other 200 will be sent from Santa Isabel.

NIFTY PAIR LIKELY TO BE TAKEN IN

ANAHEIM, Feb. 29.—H. Fields and H. Crawford, the two men who are wanted in this city for beating a board bill at the Commercial Hotel, and also for having taken a livery rig from Oliver Hill's livery stable, have been heard from at Santa Maria. At that place they represented themselves the same as here; that is, traveling for a millinery firm of New York. They offered a check on a Chicago house, which looked rather doubtful. The party taking the check informed Constable Striggs, who notified Deputy Marshal German of this city, as he had read in the paper that they were wanted on a similar charge.

Constable Striggs, in speaking to German, said that the two men would be in San Luis Obispo today, and if it was found that the check on Chicago was not good, they would be arrested and prosecuted there. He was instructed to get them and hold them on the charge from Anaheim in the meantime.

ANAHEIM TEAM IS NOW MUCH STRONGER

ANAHEIM, Feb. 29.—The Anaheim baseball team has a game Sunday afternoon at the local grounds north of the new high school grounds, with the Clark Colts of Los Angeles. This game will undoubtedly be a good one, as the Clark Colts are considered to be a fast team. Last Sunday they beat Artesia 18 to 0.

The Anaheim team has strengthened its lineup. Golder of Los Angeles has been secured to pitch for the local team. He has been the star of the Umeida Merchants' team, and also for the Hamburgers. Kisler will also work in the pitcher's box. Gerkins will do the catching.

The local team is to lose two of its players soon, as they will be called by the leagues. Soddler, the shortstop for the locals, is already in harness for the Vernon team, and Miller, third base, joins the Vancouver team on March 15.

The game Sunday will be called at 2:30 p.m. Gohoenix of Los Angeles will officiate in the umpire's box.

Those Favoring Central Tract Held Public Discussion of Mater Last Night

FULLERTON, Feb. 29.—A mass meeting of the boosters of the Central tract for the location of the new polytechnic high school was held last night, and there were between 300 and 400 people out to hear the discussion. The Fullerton band dispensed music, which was enjoyed by all and which aided in drawing a crowd. Among the speakers of the evening were E. J. Marks, C. C. Chapman, Rev. F. R. Holcomb and L. B. Steward.

The election which is to be held Saturday, March 2, is the outcome of a compromise reached in regard to the location of the proposed new polytechnic high school to replace the building which was destroyed by fire. The old site on Commonwealth avenue was deemed too small and too close to the railroad to be suitable for the new school, and so the board of trustees bought the Krug site, which is about 1.2 miles from town. The cost price was about \$15,000 for 14.3 acres.

Objections were raised to this site, and it was thought that the board of trustees had no legal right to change locations without an election, and so an injunction was brought against the trustees putting the school on the Krug site. The Central tract lies four or five blocks from the center of town and consists of 9.79 acres, at a cost of \$22,300. This mass meeting last night was held to boost for this location.

E. K. Benchley presided at the meeting, and the first speaker was Rev. F. R. Holcomb, who said on account of the distance of the Krug site from the center of town it would be beyond the fire and police district. He said that while the building was being erected it would be a mistake to put the school so far out of town, for in putting it close into town, Fullerton would have the advantage of the auditorium, which would seat about 1200 people.

Attorney E. J. Marks said that the Krug site would be beyond the fire and police protection, and even with an extra expense of equipping against fire, there would be no one to man the equipment when it was installed. He said that as the students from the outside districts were brought to school in automobiles anyway, he saw no reason why they should object to one site in place of the other, while it made a great deal of difference to the citizens of Fullerton.

L. B. Steward, member of the board of trustees, spoke in defense of the trustees' action in choosing the Krug site. He said that the real reason of objection to the Central site was that it was too small. He also spoke of the difference in price between the two.

Opinion is divided as to what the probable result of the election on Saturday will be, but the opinion of the women at the ballot will have a great deal to do with it.

IMPROVEMENTS TO BE MADE VERY SOON

FULLERTON, Feb. 29.—A curb has been ordered in by the city on East Commonwealth avenue, from Pomona to Laurence avenue; also sidewalk and curb on South Spadra street from the railroad to the southern city limits.

The election board for the April city election is: Judges, H. C. Page, L. P. Drake; clerks, Ed Lane, C. Gobart; inspectors, W. L. Hale, C. A. Campbell; ballot clerks, M. H. Howard, A. V. Knowlton.

Dr. S. Parrett, an osteopath, will take offices in the Amerigo building. Dr. Wells leaves on the first of the month for Colton, where he will practice.

Overland train No. 2, due here at 9:30 a.m., after March 1, will only stop for passengers east of Bargee.

Miss Edith Garmes went to her home in Muscatine, Iowa, after a visit with L. P. Drake and family.

LOS ANGELES PRODUCE MARKET

Firm quotations and a steady demand were the characteristics of the general market yesterday. Vegetables were very firm and higher prices prevailed on cabbage, celery and cauliflower due to the crop limitations in this section. Cabbages sold from \$1.25 to \$1.35 per sack. Celery took a jump of 25 cents per crate, selling up to \$5.75 for the best Sacramento offerings. Little of any kind was offered under \$4.00 per crate. Cauliflowers went to \$1.85 per crate for fancy stock.

Tomatoes showed no advance, but the market was scantily supplied with Mexican stock. \$2.25 per 30-pound was the price for the best offerings.

Strawberry rhubarb was more plentiful, the stock sold from \$2.50 to \$3.00 per box. Green peppers and egg plant commanded top prices. Peas and beans were scarce, prevailing prices were firmly upheld.

The fruit market was firm. Trade in apples was rather limited. Pippins continued to sell freely at \$1.75 for four-tier stock.

Tropical fruits moved well, the market was well supplied, but firm. Dried fruits were steady, but sales were light and the market slack.

The market on both candied sweets and case count eggs was without change, but pullet stock was quoted 1 cent lower, going to 17 cents per dozen. The market was about steady under heavy receipts. Arrivals were 833 cases.

Creamery extra butter declined another half cent. The market was steady under the liberal receipts of the past few days. The decline to 35 cents on creamery extra stock was due to the heavy receipts of this grade and the demand being for firsts and country butters. Receipts were 48,965 pounds.

The potato market gained added strength in all quarters. Lumpers stiffened in range from \$2.50 to \$2.60. The outlook is for higher prices on all varieties. Prices are advancing in the "river" district and an advance within a few days locally would not be unlooked for. Many handlers are storing their stock in anticipation of a higher market. Arrivals were 1298 sacks.

A marked firmness was shown in the onion market. Yellow varieties were advanced 25 cents per hundredweight, the best stock yesterday was offered at \$3.50. No receipts were reported in.

Lima beans were advanced 25 cents per hundredweight. The market generally was very firm. No arrivals were reported in.

There was a good movement of sweet potatoes.

YUCAIPA

Valley is NOT away up north or out on the desert or up in the mountains, or in the clouds, but is rather a suburb of the splendid city of Redlands, at a higher elevation, where it is cool in summer and warm enough in winter to grow vegetables. There they are now. The great reservoir is finished and is being filled now. It will take forty days to fill the 8 acres 32 feet deep. This is the storage and distributing reservoir. It looks good to see the water pouring into it this dry winter. Fifteen hundred acres of apple trees will be set during March by the recent purchasers of 10-acre tracts. Over six hundred thousand dollars worth of this irrigated Big Red Apple land has been sold during the last fifteen months. Soon all that is under this fine irrigating system will be sold and then you will pay now more for what you can get now at first cost on easy terms of payment. Hurry up if you want in on the first chance. This is the finest soil and water system now on the market in Southern California. We go up to the valley every week. Go along with us; we make the round trip in one day and pay all expenses for purchases.

NAME TOWLER LIEUTENANT

Sergeant of Company L is
Raised to Commissioned
Office Unanimously

Company L, Seventh Regt., N. G.
C., last night elected L. C. Towler
as second lieutenant. The choice
was unanimous, and Towler's ad-
vancement is well deserved. He was
a sergeant under Capt. Elm, and for
seven years past he has been a mem-

ber of the local guards company.
Inspection of Company L was com-
pleted last night. Forty-four mem-
bers of the company were present at
muster. The principal purpose of
general inspection over the state at
this time is that Capt. Fuqua of the
regular army, who was here yester-
day and last night, may report as to
whether or not the national guards
are ready for service should they be
called upon.

Drill lasted but fifteen or twenty
minutes. The men were put through
their steps by Capt. Elm and First
Lieut. McBride. Visiting officers
were Brig. Gen. Wankowski, Maj.
Sherburn, Col. Schreiter, Lieut. Col.
Saltmarsh, Lieut. Jaynes and Lieut.
Kunkel, who was detailed to hold the
election.

Santa Ana may well be proud of
her guardsmen. The showing made
on inspection was excellent.

BRINGING THEM TO JAIL HERE

Orange County to House "Free
Speech" Prisoners From
San Diego

Arrangements were made over the
telephone today by which San Diego
will turn thirty-five or forty prison-
ers over to the care of the Orange
county jail. Sheriff Jennings of San
Diego told Sheriff Ruddock that the
San Diego jail is crowded beyond its

capacity with "free speech" prison-
ers, and sanitary conditions were
such that some of the prisoners must
be moved. The San Diego officers
are expected here with the gang of
prisoners on the evening train.

IN THE JUSTICE'S COURT

SENTENCE IS PUT OVER HIM

Stoke Neal Agrees to Sell No
More Liquor—Stock Held
to Answer

Stoke Neal is out of jail on proba-
tion, and should he again enter into
the blind pig business he will have
a sentence of 150 days in jail to serve.
He finished a term in jail yesterday,
and was taken into court to face
other charges. Attorney Wesel ap-
peared for him. Justice Cox let the
old man go on his promise to sell no
more liquor.

Held to Answer

R. P. Stock, ex-convict was today
held to answer for trial on a charge
of passing a worthless check of \$129
on Dean's Hardware Store of Fullerton.
The complaint charges that
Stock was convicted in Washington
for a similar offense. He broke pa-
role in that state.

Came Back Again

Charles Hess, one of the worst
kickers the hobo crop has produced,
got out of jail Tuesday, and got back
again today. He was brought in
from Fullerton, where he was picked
up intoxicated, by City Marshal
Stone, and will have to serve a term
of fifteen days. Hess kicked a...
way in, and on arrival at the jail was
told by Jailer Jernigan that he

would have to work, that Hess's
habit of pretending to be sick, though
his appetite was always good, would
not work any longer.

\$18,000,000.00 Fire

The first "sky scraper" (the Equi-
table Life Building) erected in New
York city was destroyed by fire, re-
sulting in a loss of \$18,000,000.00,
nine persons killed, twenty-one oth-
ers injured. Zero weather with a
sixty mile an hour gale blowing
from the bay rendered the work of
the firemen particularly hazardous.
Water had but small effect and was
frozen almost as soon as it reached
the building.

This thrilling scene and nine oth-
er picture subjects, including the fu-
neral of Admiral Robley D. Evans at
Washington, D. C., A Russian Peas-
ant, Her Little Poet, and others, with
Mr. Harry Walton, comedian, and
Miss Taylor, banjoist, two splendid
vaudeville acts. All of the big show
for two nights only, Thursday and
Friday, at the Bell.

WORLD'S GREATEST EXPERT ON TYPE- WRITER COMING HERE

Mr. H. O. Blaisdell, the world's
fastest typewriter operator, will give
a speed demonstration in room 21 of
the Commercial High School Building
on Friday, March 1st, at 2 p. m.

Mr. H. O. Blaisdell acquired his
knowledge of typewriting under the
direction of Mr. Roselle, in the
Gregg School, Chicago, and is an ex-
ponent of Rational Typewriting and
Gregg Shorthand. He won the Amer-
ican championship in 1907 with a
speed of 83 words per minute; the
World's Championship in 1910 with a
speed of 109 words per minute—the
highest record ever made by any
writer up to that time. In 1910 Mr.
Blaisdell was awarded a gold medal
by the Underwood Typewriter Com-
pany for writing 96½ words per min-
ute for one hour, with but 6 errors.
This year he exceeded this record by
writing 100 words per minute for one
hour without a single error.

Mr. Blaisdell is making a tour of
the United States giving speed dem-
onstrations, on the Underwood type-
writer, in the leading schools.

The principal of the Commercial
High School wishes to extend an in-
vitation to all who are interested in
typewriting.

tone production is very fine and his
great voice is of an extraordinary
purity. His interpretation of the
